Long Distance Calls

Ask the operator for Long Distance when you wish to make a long distance call.

If you can give the telephone number at the distant point (the called town or city), your call can be handled more promptly.

When "Long Distance" answers, give her the information, preferably as follows:-

1. The name of the town or city you are calling.
2. The telephone number at the called place or other means of identifying the called telephone.

The operator will indicate when she is ready to receive additional information.

If you desire the charges made to the called telephone number, tell the operator to make the call collect.

Class of Calls Available are as Follows:

STATION-TO-STATION—When you will talk to anyone at the telephone called.

PERSON-TO-PERSON—When you want to talk to a Particular Person.

APPOINTMENT CALL—When you want to talk to a particular person at a specified time.

MESSENGER CALL—When it is necessary to send a messenger to summon the particular person called.

REDUCED NIGHT AND WEEK END RATES—Reduced rates applying to Person-to-Person calls as well as Station-to-Station calls are in effect from 6:00 P. M., to 4:30 A. M. and from 6:00 P. M. Saturday to 4:30 A. M. Monday.

Classified Telephone Directory

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. Additional listings under other classifications may be obtained for a nominal charge. For Company accounting reasons only, such additional listings are identified in this section by an asterisk (*) shown at the left of the extra listing telephone number.

The Telephone Company assumes no responsibility or liability for errors or omissions occurring in the Classified Telephone Directory. Errors or omissions will be corrected in the next issue.
